**sdmay23-18: Senior Design Server/Client Development for Project Matching [Phase 2]**
Week 1 Report
September 26 - September 30

## Team Members

MyTien Kien  — *Team Organization, Client Interaction*
Haylee Lawrence  — *Lead Presenter, Minute Keeper, Testing, Document Editor*
Sanjana Amatya  — *Individual Component Design, Report Manager, Assignment Tracker*
Alec Elsbernd  — *Lead Researcher, Floating Help*

## Summary of Progress this Report

This week was primarily focused on research. Our team started to look into previous teams' versions of the project as well as possible implementations for a project-picking algorithm. Haylee and MyTien were out of town the previous week, resulting in them catching up on Senior Design and the project itself.

Along with that, we all contributed to the first part of the design document. We discussed who were the most important users of our product and what they expected out of us. Along with that, we gathered our ideas together to get a good sense of what this project is about, who it is for, amongst other things.

## Pending Issues

We currently have no pending issues at the moment. Everyone has been meeting up at the designated time to work on the project and finish up the assignments due during the week.

## Plans for Upcoming Reporting Period

At the time, we need to focus on doing more research for the project. This may include searching for similar projects to see what others have done before. We plan on talking to the previous advisors of this project from last semester to see if they had any suggestions on how to go about the project. Along with that, we will be continuing on the design document and preparing for our lightning talk that will be happening later this October.

## Individual Contributions

| Team Member | Contribution | Weekly Hours | Total Hours |
| --- | --- | --- | --- |
| MyTien Kien | MyTien was absent during this period but she contributed to the design document and research. | 3 | 3 |
| Haylee Lawrence | Haylee was absent during this period but she contributed to the design document and research. | 3 | 3 |
| Sanjana Amatya | Sanjana worked on the design document and research. | 3 | 3 |
| Alec Elsbernd | Alec worked on the design document and | 3 | 3 |
