Summary of Progress this Report

This week, we completed our Ethics and Responsibility Lightning Talk presentation and presented it in front of the class.

We also completed the newest Design Document assignment – our Proposed Design.

Pending Issues

Our only pending issue is our need to create and send out a survey to our classmates and professors asking them to provide feedback on the project selection process.

Plans for Upcoming Reporting Period

We will continue working on our Design Document assignments. We are also planning to meet with our Advisor to discuss our recent progress and get some advice on how to go about surveying our peers and instructors.
